Klicco | Dental growth and patient acquisition

Stop buying leads. Start booking arches.

ABOUT FINAL X

Final X is a full-arch protocol in 7 steps: taking records, digital planning, guided surgery, photogrammetry, biological-restorative design, the same-day arch and the final zirconia bridge. One standardised workflow from records to zirconia, built for less chair time, fewer remakes and a full-arch service your practice can scale.

COURSE SYNOPSIS

A full-day programme for clinicians and labs ready to take full-arch further, from guided surgery with Inserta metal guides to photogrammetry, the same-day arch and the definitive zirconia.

Held at Inserta HQ in London, this second edition brings the whole Final X chain into one room: Dr Cosimo Meucci on his own guided cases, Andreas Tsoutsos (Co-Founder & Director, Vivo Dental Lab) on the complete Final X workflow, Gareth George (VP of Sales, iMetric 4D) on photogrammetry and passive fit, and Samuel Philip (Klicco) on how full-arch patients choose a clinic.

COURSE PROGRAM

ADDRESS
Inserta HQ, 1 Lyric Square, Hammersmith, London W6 0NB

9:00 AM	Registration, coffee & networking
9:30 AM	Guided, in real life *Dr Cosimo Meucci · Implant surgeon*
10:30 AM	The Final X workflow, start to finish *Andreas Tsoutsos · Vivo Dental Lab*
11:30 AM	Coffee break
11:45 AM	Where the implants really are: photogrammetry & passive fit *Gareth George · iMetric 4D*
12:45 PM	Open Q&A: surgery, lab + photogrammetry
1:00 PM	Lunch
2:00 PM	Stop buying leads. Start booking arches. *Samuel Philip · Klicco*
3:00 PM	Close

AIM & OBJECTIVES

1. Understand how Inserta metal guides fit into everyday full-arch surgery.
2. Follow the 7 steps of the Final X workflow, from records to final zirconia.
3. Understand why passive fit depends on accurate photogrammetry.
4. See how the lab delivers the same-day arch and the definitive zirconia.
5. Learn how full-arch patients choose a clinic and what makes them book.

Final X London · 1st edition, Saturday 7 November 2026
