INSERTA ACADEMIA

ABOUT THE DAY

THE WHOLE PROTOCOL. ONE ROOM.

Final X is the full-arch protocol developed by Inserta: Inserta metal guides, P-1 and Profilo, Alliedstar scanning, Vatech CBCT, iMetric iCam photogrammetry, DentaFab printing and Aidite milling, from a printed arch on the day of surgery to the definitive zirconia. The London edition puts every link of that chain on the same stage: the surgeon who plans it, the lab that builds it, the data that makes it fit, and the patients who choose it.

MEET YOUR SPEAKERS

SURGEON REVEAL SOON

CLINICAL LEAD · INSERTA GUIDED SURGERY

Guided, in real life

A clinician's own full-arch cases with Inserta metal guides: how they fit into everyday practice, from the plan to the placement, and what changed in the chair.

ANDREAS TSOUTSOS

OWNER, VIVO DENTAL LAB · FINAL X

Zirconia in 72 hours. Here's how.

Inside the Final X lab: biologically driven design, the same-day arch and the definitive zirconia, from the people who build them.

GARETH GEORGE IMETRIC

VP OF SALES, IMETRIC 4D

Where the implants really are

iCam photogrammetry, tolerance stacking and passive fit: why the whole protocol turns on one reading.

SAMUEL PHILIP K

KLICCO · DENTAL GROWTH

Stop buying leads. Start booking arches.

How full-arch patients choose a clinic in 2026, and what the practices that convert them do differently.

SATURDAY 7 NOVEMBER · 1 LYRIC SQUARE, LONDON W6 0NB

COURSE PROGRAMME

09:00 Registration & coffee

09:30 **Guided, in real life**
A clinician's own cases with Inserta metal guides, from the plan to the placement.
SURGEON · REVEAL SOON

10:30 **Zirconia in 72 hours. Here's how.**
Inside the Final X lab: biologically driven design, the same-day arch and the definitive zirconia.
ANDREAS TSOUTSOS · VIVO DENTAL LAB

11:15 Coffee break

11:30 **Where the implants really are**
iCam photogrammetry, tolerance stacking and passive fit.
GARETH GEORGE · IMETRIC 4D

12:30 Lunch (included)

13:15 **Stop buying leads. Start booking arches.**
How full-arch patients choose a clinic in 2026, and how to be the one they book.
SAMUEL PHILIP · KLICCO

14:15 **Clinic · Lab · Data · Patients: open panel**
Bring your cases and your questions.
ALL SPEAKERS

15:00 Close

WHAT YOU WILL LEARN

- **Guided surgery in real practice.** How a clinician uses Inserta metal guides case after case.
- **How the lab gets finals out in 48–72 hours.** From data to printed arch to zirconia.
- **Why passive fit is a number.** How photogrammetry reads implant position directly, at the chair.
- **How to fill the diary.** Where full-arch patients come from in 2026 and what makes them book.

WHO SHOULD ATTEND

- Implant dentists running or starting full-arch
- Dental technicians and digital labs
- Clinicians moving from analogue to digital full-arch
- Practice owners and managers growing full-arch
